

Is speed really ALL you need?

INTEGRA TELECOM SERVICE

CABLE COMPANY SERVICE

RESPONSIVE. RELIABLE. LOCAL.

It's not just a slogan, it's a way of doing business.

Integra doesn't just provide business-class telecommunications solutions – we've got the personnel and network to back them up. We work hard 24/7 to support businesses just like yours.

WE ARE RESPONSIVE.

Because Integra staffs technicians, account managers and customer care professionals in your area, we are able to quickly address your questions and concerns. In fact, on average, Integra resolves over 90 percent of all customer questions on the first call.

WE ARE RELIABLE.

Businesses rate reliability as the most important factor in choosing a communications provider. To ensure clear, fast and dependable service, we own and maintain our own network instead of reselling another carrier's service. This enables us to control the quality and reliability of service to our customers.

WE ARE LOCAL.

When you call Integra Telecom, a real person will answer the phone. We're not just in your time zone, we're in your town. It's this unique, locally-based service model that has earned Integra the industry's best service ratings and highest level of customer loyalty.
